DAVIS BACON OR DIR PREVAILING WAGES

1. The bidder's attention is called to the "Equal Opportunity Clause" and the "standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth herein.
2. The goals and timetables for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered areas are as follows: Currently –

Goals for Minority Participation
In each trade: 18.2%

Goals for Female Participation
in each trade: 6.9%

These goals are applicable to all contractors' construction work (whether or not it is federally funded or assisted) performed in the covered area. If the Contractor performs construction work in a geographical area outside of the covered area, it shall apply to the goals established for such geographical area where the work is actually performed. With regard to this second area, the Contractor also is subject to the goals for both its federally involved and non-Federally involved construction.

The Contractor's compliance with the Executive Order and the regulations in 41 CFR part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set forth in 41 CFR 60-4.3 (a), and its efforts to meet the goals established for the geographical area where the contract resulting from the solicitation is to be performed.
